The Newsletter For Retired SCS And NRCS Employees

Vol. 39, No. 3

May/June 2012

NOTICE!

We have completed our first run at sending the newsletter to our membership electronically. The response from our members has been overwhelmingly in support of sending the newsletter electronically. Your support in helping us reduce costs is much appreciated—thanks!! I want to thank **Mike Nethery** and **Ron Marlow** for their efforts in making an electronic version of the newsletter a reality with the March-April newsletter!!

We have received over 150 responses with approximately 89% of the responses asking for the newsletter to be sent to them only in electronic form. Most of those who want a hard copy only, have indicated they have vision problems, do not have a computer, simply prefer a hard copy, or are just not that comfortable using a computer. All of these are reasonable concerns and we are committed to providing hard copies to anyone who requests only a hard copy.

We will be sending this newsletter in hard copy to all members and an electronic copy to everyone who has provided us with a current email address, just as we did with the March-April newsletter since only the hard copy contains the various annual directories.

Starting with the July-August Newsletter, we will proceed as follows:

1. Those without email addresses will continue to receive hard copies of the Newsletter.
2. Those with email addresses who have indicated that they still wish hard copies will continue to receive printed copies.
3. Those with email addresses who have indicated that they wish only an electronic copy will not receive a hard copy.
4. Those with email addresses who have not indicated a preference will only receive electronic copies, unless you notify us of your preference otherwise.

If you wish electronic copies and have not provided or updated your email address, we encourage you to do so by contacting either **Mark Berkland** at mberkland@homesc.com or **Ron Marlow** at arcse@cox.net.

INFORMATION

Our former Chief, **Paul Johnson**, suffered severe injuries in a tractor accident on his farm recently. He is extremely fortunate to have survived. He is recovering from a crushed vertebra and many other serious injuries. Those of you who worked with him know his determination and will not be surprised to see a full recovery, but for now he has a long road to travel to regain mobility and strength. **Paul** was Chief from 1994-1997. You can leave a note for him via Caring Bridge at www.caringbridge.org/visit/pauljohnson.

ASSOCIATION OF RETIRED CONSERVATION SERVICE EMPLOYEES

NOTES FROM THE POTOMAC

Lennie Losh

What "if's" of President Obama's Health Care Law - The U.S. Supreme Court has held its hearings and have turned their attention to: Addressing the constitutionality of the entire law; What would happen if the Court struck down the individual mandatory health insurance and penalty provision only; The interaction between federal and state officials; and Recognition of the consequences of sending certain provisions back to Congress and its "legislative inertia". Many other provision in the 2.700 pages undergoing review such as Insurers denying "pre-existing conditions" and "preventive care for woman" and a host of other statutes that impact on most Americans. A decision by the Supreme Court is expected this summer.

Federal Workers Under The Gun - All kinds of legislation is being proposed addressing Federal employee salaries and retirement income. H.R. 3835, passed in the House, would extend the pay freeze for another year. H.R.3813, in Committee, would increase the amount Federal employees would be required to pay toward their retirement plan and would reduce pensions for new employees. And, H.R.3844 would prohibit step increases for Federal employees who currently are subject to a pay freeze. Why we should be concerned! Like the health care issues, retirees and current Federal employees are partners in our Federal Employee Health Benefit Program (FEHBP). Health insurance premiums are a direct result of the old (retiree) and young (current Federal employee) sharing the costs incurred. Of course, we should express compassion and concern for maintaining a competent and skilled Federal work force.

Office of Personnel Management (OPM) - Processing retirement claims (annuities), OPM has a backlog of 48,375 claims and an average processing time of 156 days that was the subject of a recent House hearing. Many new retirees have had a difficult time meeting financial obligations as a result of the 5 months delay. Maybe this is why it is almost impossible to reach anyone in OMB.

Farm Bill Status - Congress is still talking about a 2012 Farm Bill this summer. If and when it is passed in the Senate and comes to the House, all bets are off with many amendments expected to surface. Ironically, nearly 80% of the current appropriated funds to USDA are directed to "Nutrition" programs for needy Americans.

FROM THE PRESIDENT

Mark Berkland

Our annual meeting has been set for Monday, July 23rd in Fort Worth, TX. Our meeting will once again be held in conjunction with the Soil and Water Conservation Society (SWCS) annual conference. The SWCS meeting is scheduled for July 22-25 and will be held at the Renaissance Worthington Hotel. Our luncheon will be at the 35th Floor of the Reata Restaurant which is about a block from the hotel in the heart of Sundance Square. (We believe we can get better food for about half the price.) The 35th Floor is a private dining space below street level with dramatic floor-to-ceiling panoramic photos of the Ft. Worth skyline. We have scheduled the room on July 23rd from 11:00AM until about 2:30PM with lunch being served at approximately 12:00 noon. I hope to see you at the luncheon. I want to thank **Arnold King** (actually, I think it was **Arnold's** wife **Willeene** - **Arnold** is always fishing) for helping us locate the restaurant and checking it out for us.

We have completed our first run at sending the newsletter to our membership electronically. The response from our members has been overwhelmingly in support of sending the newsletter electronically. Your support in helping us reduce costs is much appreciated—thanks!! I want to thank **Mike Nethery** and **Ron Marlow** for their efforts in making an electronic version of the newsletter a reality with the March-April newsletter!!

I have received over 150 responses with approximately 89% of the responses asking for the newsletter to be sent to them only in electronic form. Most of those that want a hard copy only, have indicated they have vision problems, do not have a computer, simply prefer a hard copy, or are just not that comfortable using a computer. All of these are reasonable concerns and we are committed to providing hard copies to anyone that requests only a hard copy.

We will be sending this newsletter in hard copy to all members and an electronic copy to everyone that has provided us with a current email address, just as we did with the March-April newsletter.

Starting with the July-August newsletter, we will send only electronic copies to everyone where we have a current email address unless they have requested to only receive a hard copy. Those members will only receive a hard copy.

Where we do not have a member's email address on file, those members will only receive a hard copy. I encourage those that receive the July-August newsletter in hard copy and would like to receive it electronically, to request an electronic copy by emailing me your email address. My email address is: mberkland@homesc.com

We have received several comments on making the electronic version more readable. **Mike Nethery** was quick to suggest, as did many of you, that we go away from the two column format and go to a full page for ease in reading. I believe you will see that change in this issue. With the electronic version we will also be able to include color photos, other materials of interest, and more. If you have questions or concerns, please call or send me an email.

Owen Lee has been busy updating our web site and getting it in a position to possibly include the newsletter on the site. I encourage you all to take a look at the updated site at: <http://www.arscse.org/> There is some very interesting materials on the site. Good job, **Owen!**

ARCSE REPRESENTATIVES

Ron Marlow

New NRCS retirees are eligible for a one time one year free membership. This provides a great opportunity for new retirees to be introduced to ARCSE. However, ARCSE sometimes receives applications for the complimentary membership from retirees that are not eligible. To be eligible they must have retired from NRCS after January 1, 2003 and must not have previously been a member (complimentary or dues paying).

IDAHO

Sharon Norris, ARCSE Representative
Email: snorris0889@hotmail.com

First of all, a great big thanks to **Stan Hobson** for the years he represented Idaho as our ARCSE Representative. He did a great job, and we truly appreciate him.

Attending our Jan. 26 luncheon were **Paul Malone, Frank Fink, Mark Weatherstone, John Kendrick, Don & Maxine Stewart, Darrell & Clydene Gallup, George James, Evan Merrell, Stan Hobson, Lee Holstine, Amos & Ruth Garrison**. First-timers included **Denis Feichtinger, Bill Moore, and Aline**

**DEADLINE FOR

Wright...all recent retirees. The **Gallups** reported they would be celebrating their 64th wedding anniversary in Feb., and the **Stewarts** their 65th. Congratulations!

We had another good turnout at our luncheon on Feb. 23 and were very pleased to welcome **Mitch Flanigan**, recent NHQ retiree, back home to Boise and ID. Others attending included **Evan & June Merrill, Ruth & Amos Garrison, George James, Dennis & Mary Froeming, Paul Malone, Paul & Harriet Calverley, John Kendrick, Wayne Faude, Lee Holstine, and Darrell & Clydene Gallup**. **Dennis** gave a report on the recent SRM meeting he had attended in Spokane; **Paul** reported that the Ada SCD is now renting office space at the State Office.

Our numbers were down at our Mar. 22 meeting but we had a lot of fun telling stories and laughing a lot. Among the attendees were **George James, Jerry Larson, Paul Malone, Don & Maxine Stewart, Darrell & Clydene Gallup, Amos & Ruth Garrison, and Stan Hobson**.

ILLINOIS

Dale Benz, ARCSE Representative
Email: daleab@sbcglobal.net

Retirees gathered in Champaign on April 5 for lunch and visiting. Attending were **Glenn & Lucy Paulsgrove, Lee & Nancy Bridgman, Wiley Scott, Bill Gradle, Judy & Salvadore Velazquez, Dick Dickerson, Dick & Elsie Campbell, Jim & Bonnie McQuilkin, Dennis & Susan Beyer, Earl Voss, Andy Cerven, Jim Evans, Gene Evans, Gene Davis, Dave Dalzell, Jerry Leonard, Ben Mingo, Homer Kuder, and Dale & Nancy Benz**.

Glenn & Lucy Paulsgrove have spent every winter in AZ since he retired in 1986 but stayed in IL this past winter. Thanks, **Glenn & Lucy**, for the mild and warm winter you gave us in IL! They have been visiting relatives in nursing homes this past winter.

Lee & Nancy Bridgman lived two months in AZ this past winter. Sorry you missed the beautiful warm winter in IL! **Lee** tells us that it takes him three and a half hours to mow his lawn. Obviously, **Lee** doesn't drive his lawn mower like he does a car! **Nancy**, perhaps **Lee** could get a herd of goats for this pasture and he would not have to mow so much. He could milk the goats and make cheese and become famous! **Lee** said AZ is 446 gallons of diesel fuel from IL. And he could save money on the diesel fuel because he would have to stay home in the winter to milk the goats.

Earl Voss spent some time in FL again this winter. Their son now lives in New York City whom they visited. **Earl** said it was 40 years ago since he had last been in New York City.

Jerry & Jean Leonard spent a week in FL in Jan. **Jerry** was recently diagnosed with a cancer in his throat which is being treated with radiation therapy. We hope the treatment is quickly successful, **Jerry**.

Ben Mingo is still working on his retirement honey-do-list. Stretch it out as long as you can, **Ben**, because other things will be added to it once you finish the list. **Ben** is busy with grandkids' sport events, picking up grandkids from school, and going to McDonalds but not necessarily in that order.

Dick Dickerson is planning a trip to London for three weeks in Sept. His son is currently in London and what better tour guide than someone who lives there. **Dick** also enjoyed a month in FL this past winter.

Gene Davis is working for the Kaskaskia River Conservancy District part time, doing some conservation consulting work, and still does some taxidermy work since his retirement as District Conservationist in Shelbyville.

Andy Cervan has 12 grandchildren age six months to 10 years. He has received five injections into his joints, visits the chiropractor periodically, and takes physical therapy to keep his joints working. **Andy & Cathy** get the grandkids on four day weekends so we now understand the need to loosen the joints up a bit. **Andy** also is doing some conservation consulting work.

Dave Dalzell said he just doesn't do too much. My type of retiree, **Dave!**

Elsie & Dick Campbell will be going to Cleveland in May for **Dick's** Navy ship reunion this year. Most of their other traveling is to the doctors.

Jim & Bonnie McQuilken took a trip to Alaska last summer which included a visit to a dogsled team owner. This past winter the winner of the Iditarod was the youngest musher ever to win, only 24 years old, and his dad and grandfather also were in the race. They were the people that **Jim & Bonnie** got to meet last summer.

Dale Benz reported that he got another bionic part in March, a new hip. The healing has been doing real well and he can walk again. He also said he and **Nancy** had another new grandchild arrive in Jan.

During lunch **Bill Gradle** announced that **Ivan Dozier** had been selected as the new State Conservationist for IL. Congratulations, **Ivan**, and we welcome you to any of our retiree gatherings. Thanks, **Bill**, for the to-the-minute reporting. **Ivan** has been Assistant State Conservationist in IL for several years so we know he will hit the ground running.

The next gathering of retirees will be October 4, 2012 at Ryan's in Champaign. The southwestern IL retirees gather for an annual lunch and visiting at the Maverick Steak House in Litchfield on July 11. Another group of retirees gather for lunch and visiting at the A's Cafe in Mt. Vernon on the second Wednesday of March, June, Sept., and Dec. Everyone is invited to attend any of these retiree gatherings.

IOWA

Maralee Sarasio, ARCSE Representative

Iowa enjoyed May weather in March. Spring flowers, including tulips, crabapple trees and lilacs bloomed for Easter. Pella, our town of Dutch heritage close to Des Moines, will be having their Tulip Festival May 3 - 5 without tulips. A solution of a little whiskey mixed with water was sprayed on them to slow the opening but it didn't work. We, along with hundreds of others, spent Easter Sunday afternoon tip-toeing through the tulips. They were beautiful.

Some of our retirees headed away from the cold this winter only to find it hadn't been too bad here. Others went away for fun. **Rosie & Bob Gaudette** went to Myrtle Beach, SC. **Roger & Donita Link**, Maxwell, stayed in Gold Canyon, AZ for two weeks in Feb. Iowan's they visited included **Don & Dortha Borts** from Sigourney who are regular winter residents of Apache Junction, AZ. At Christmas the **Links** visited their daughters and families in Bryant, AR and Leavenworth, KS.

Duane Miller and his skiing friends made their annual trip to CO once again. They have done this for many years. Perhaps they should have purchased the ski lodge the first year. A 30-year loan would be paid off by now. It's special having friends that continue this trip each year. A few weeks later **Duane & Mary Jo** went to Padre Island for sun and fun around the water but **Duane** said the weather was rainy. Speaking of friends, the core of our Wednesday breakfast group worked together for a number of years prior to becoming a breakfast group in the early '80's. This group has always made each new retiree welcome.

Ernie & Pat Aust, Shenandoah, shared their Christmas letter with me. They were on many trips this past year. The highlight was a June trip to the Canadian Rockies, Burchart Gardens, Jasper, Banff, and Calgary. Other trips were to Ft. Myers, FL to visit **Pat's** brother, while in FL they spent time at Disney World and Epcot Center with daughter, **Annamarie** and family. Other family events were in OH, WI, Kansas City, and Omaha. They also attended **Pat's** 50th ISU reunion activities and **Ernie's** All School Reunion in Sulphur Springs, IA. Community and church activities also are a big part of their lives. Thanks,, **Pat & Ernie**, for the letter.

Eldon Weber, Ames, sent a note that he and **Jeannie** will be visiting his brother near Charlottesville, NC. the first of May and then to Hilton Head for a week. Since **Eldon's** retirement from SCS in 1991 and Iowa State University in 2001 he has spent considerable time developing curriculum, inservicing teachers, and implementing the Pizz-A-Thon program in Cedar Rapids and the Quad Cities. He has just finished the Internet Based Lesson Plan called the "Virtual Pizz-A-Thon trying to get the message to our younger generation that food comes through various stages and careers from the farm and that we take our soil in IA for granted, and have an important obligation to protect it. He stated that it is a fun multidisciplinary team program. The two companion websites are – Virtual Lesson Plans: www.zunal.com/webquest.php?w=144383. And companion website

blog www.pizzathon.wordpress.com. Check this out – It should be of interest to your grandkids and great-grandkids.

Tom Oswald retired in 2008. He recently joined us at breakfast. He works for Iowa Emergency Management and has been working in the Missouri River flood area of western IA.

A few weeks ago I had a phone visit with **Phyllis Fisher**. She and **Chuck** are doing well. **Chuck** sent an obituary for **Lois Schermerhorn**. She passed away Jan. 9, 2012. Her husband, **Edward**, passed away in 1989. He had been a Soil Scientist and served as party leader for surveys in Johnson, Cedar, and Washington Counties.

Al Leiting passed away on March 9, 2012. He retired as a civil engineer in the State Office in 1988. He is survived by his son, **Chris** of West Des Moines.

State Office people and maybe some others, will remember **Dwight “Quig” Kelley**. He worked in the SO and also with the vehicles. He passed away on April 8, 2012. He is survived by his wife, **Shirley** in Des Moines and a son, **Shavon**, of Houston, TX.

Plans are continuing for the State-Wide Retirees’ Reunion later this summer and also for the Holiday Party in November at the Machine Shed Restaurant. Keep tuned for further developments.

KANSAS

Deanne Lull, ARCSE Representative
Email: rlull2@cox.net

Salina, Kansas residents felt very fortunate one mid-April Saturday when three huge storm cells producing tornadoes passed through our area. The sirens were blown and many residents spent the evening in shelters while others, I am told, were brave enough to sit on their patios and watch the rotating clouds pass directly over the city. Needless to say, I was not one of them.

Kansas has two new retirees this spring. **Steven E. Theel** retired March 30, 2012, as a soil conservation technician, at the Alma Field Office. **Deanna K. Feltes**, budget analyst in the Salina State Office, retired March 31, 2012.

Ruby McBee, widow of **Charles McBee**, entered a hand-stitched quilt and wall hanging in the Art is Ageless exhibit sponsored by the Salina Presbyterian Manor where she is a resident. She won first- and second-place awards, respectively, in the amateur category. First place entries in each category are sent to the Presbyterian Manors of Mid-America’s corporate office in Wichita, KS, where they are photographed and judged. **Ruby** has been making quilts since the early 1980s and stitches every one by hand. Although this takes a lot longer to do, she wants something to keep her hands busy rather than just sit around.

Congratulations are sent to **William Duane Evans** for being named the April Salina Journal Carrier of the Month. **Duane** has been a Salina Journal carrier for the past 32 years.

After his children left for college he took over their routes as a way to exercise and help fund his hobbies. Today, he delivers 115 newspapers each morning. When he is not delivering newspapers, **Duane** enjoys playing golf, hunting, fishing, gardening, traveling, and watching sporting events. His routes have helped purchase and maintain a golf cart and fund a trip to Alaska. **Duane** and his wife, **Karen**, have 9 children and 29 grandchildren.

Condolences are extended to several retiree families. **Jim & Bonnie Packard’s** son, **Steven**, passed away March 3, 2012. His talents have been enjoyed by many at the Salina Community Theatre. **Bonnie** spent her career in the Salina State Office.

Robert H. Drees lost a long battle to cancer on March 29, 2012. He was married to **Jean, Joel & Betty Wentz’s** daughter. **Bob** spent many years in the Salina State Office as a geologist on the Water Resources Planning Staff and finished his career on the Engineering Staff. He was a free spirit and often never bothered to tell anyone where he was going. The secretaries kept a sign handy that was shared with him quite often: “You may know where you are going. God may know where you are going; but if your secretary doesn’t know where you are going, she is going to be so mad that, well, let’s just say that you and God better be pretty good friends.”

Earl L. Gray passed away on April 6, 2012. He retired in Dec. 1987 as a construction inspector on the Manhattan Area Office Technical Staff.

MINNESOTA

Marlene Mechelke, ARCSE Representative
Email: mehgram@aol.com

On Jan. 11th a good group gathered for lunch at Pippins in Roseville, our usual spot: **Dave & Kay Breitbach, Ron & Sylvia Olson, Robin Martinek, Gloria McCalip, Dorothy & Ordean Finkelson, Bud Finney, John Handler, John Torgerson, Margy & Micki Gangl, and Marlene Mechelke.** **Don Baloun**, MN STC, joined us and gave us a great update on what’s going on here in MN.

Then on April 11th, almost the same bunch gathered again for lunch: **Breitbach’s, Olson’s, Finkelson’s Gangl’s, Bud Finney, Marlene, Gloria, Cathy & Don McCormack, and Vic Ruhland.**

Of great importance to Minnesota Retirees is that we will be having a **Statewide Retirees’ Reunion on Tuesday, September 18th, in St. Cloud, Minnesota at the Legion Club.** Our last reunion in 2009 was a great success, so we look forward to another one and hoping that some of our friends from other states will come and join us.

I did manage to gather a little bit of news at the last luncheon: From **Bud Finney**: “Well, I have lived through an 83rd winter. I never thought I would live so long. This past winter here certainly does not deserve to be called winter, at least not by old Minnesotans’ standards. Its snowfall was way below

average and its temperature was way above average. However, a bit of pay-back comes along April 10 and 11 with heavy frost over most of the state. The orchard folk are very concerned about damage to their crop. I have had some health problems the past few months, but am now able to be back in my gardens. The low soil moisture concerns most "plant people" this growing season.

"I made my annual ice-fishing trip to Lake Of The Woods with two old friends early in March. We drove there in rain, unusual for going ice fishing, and drove back in ice-melting sun. The fishing was great but the catching was terrible – the worst ever for me at that lake. My kids – daughter and husband and 2 children in Santa Rosa, CA, and my son and his wife in Pocatello, ID are all doing well. Grandson **Bryan**, 20 years old, ran his first marathon in March. He finished 4th in his age class. Granddaughter **Sarah** is a sophomore in high school. She, too, is a runner, as is their dad. She plays the oboe in the school band. I received a reward recently for volunteering for 10 years in the University of Minnesota master gardening program."

From **Vic Ruhland**: "I'm developing this paragraph while being with my 17-month old grandson, **Matthew**. Today being Monday is my day with him. The two of us have developed a special relationship in my role of helping the family. Yesterday (Easter) was a big day for us down at the Club for a meal with his family, his grandmothers, uncles, aunts, and cousins. Yesterday was also the last day of an intensive week of singing for me. Those who are members of church choirs know what I mean. We were together singing during the week at 6 different church services. Why do we do it? Must be that we enjoy music even though in my case my talents are somewhat limited. I try to make up for that with lots of effort.

"**Jean** and I were most thankful at the church services for her recovery after over a year of her dealing with heart and blood issues at the Mayo Clinic. Hopefully, we prayed for her continued improvement. I managed to receive many comments on the sport coat I was wearing yesterday. At Easter and Christmas I dig out the Germanic coat that was made in Austria and tailored to fit me. It's a greenish-tan apparel most noticeable as being something different.

"Being with **Matthew** today also allowed me to check on the Model T Ford and my Hupmobile that I have stored at his parent's residence. It will soon be time to fill them with water, gas, and oil if necessary and get them running again. The sound of the running motors is just one of the many rewards of owning antique cars.

"Oh, Oh! I just discovered **Matthew** trying to chew on 2 sticks of gum that he found. I managed to get them away from him in time, but did he ever start crying. After disposing of the gum I went back to him, knelt down, and looked him in the eyes and explained that gum was not good for him but that maybe as he gets older it would be OK. To my surprise he immediately stopped crying and started playing cheerfully with his toys. Who says 17 month olds don't understand the spoken word. His reaction was truly amazing for me."

From **Cathy McCormack**: "On April 1st I've been retired 4 years. Time goes by fast. I keep in touch with some former co-workers who are still working. The USDA office closings have affected some of the USDA service centers I supported in my IRM/IT work. It is really sad to hear of the deaths of some former co-workers.

"MN NRCS did not have a booth at the Minnesota State Fair last summer, so I was not able to participate. Husband **Don** and myself are traveling in April to Murfreesboro, TN to attend a family party. Grandson **James McCormack** was born Dec. 2011, to son **Jim McCormack** and **Jes Johnson**. Will hit the big "60" this year!"

From **Sylvia Olson**: "End of Jan. we traveled to Bradenton, FL to visit my sisters. One lives there year round and two spend the winters there. We were there for three weeks. It was great as we had good weather, good food, and wonderful family visits. Did a lot of sight seeing. Went to the Space Center for the day and it is very interesting. Also a stop in Savannah, Georgia for Paula Dean tour. (We wanted to eat at Uncle Baba's.) Saw the entire city and learned a lot of history. Then on to Springfield, OH to visit **Ron's** sister. Missed bad weather on all our travel days. Easy to say when this really was the winter that was not! Good to be home and hoping the weather stays the way it is. Spring is here, now bring on summer!"

New Retirees: **Bob Honeman**, Area Resource Conservationist, Fergus Falls, MN and **Laurie Svien**, ARC, Rochester, MN decided to hang up their conservation shoes in Dec. **John Nicholson**, Asst State Conservationist (FO), Rochester, MN retired some time ago.

MISSOURI

Dave Rastorfer, ARCSE Representative
Email: moarscse@aol.com

The **Ed Smiths** are home after a short 9 weeks in FL. The weather was great although not much better than what MO had this winter..... We returned early this year to see our youngest grandson perform in his high school musical "Grease". He had the flu and 103 temp so was only able to do his lines and played his guitar while another young man sang his 2 solos, big disappointment that he didn't get to sing.....Got busy on the yard leaves and grass and got my golf season underway. My group is a bunch of old dudes so we decided to play from the "forward" tees this year. I've noticed a few more pars and birdies now and then and lower scores generally.....These things have to come between doctor appointments for the two of us. Seems like we have one or two a week, but our health is generally good.

Paula Price: At the **Price** house we only dream of golf courses and fishing lakes or streams. We're thankful for time we've been given because even though the journey with Graft vs Host Disease is long and difficult, along the way **Alan** has been given time with **Jordin** and she has been given the time to know him. They're making memories every time they have a chance. We're thankful for the medical community we experience and hope none of you ever have to be a part

of. We're thankful for the family and friends who help us share our joys and our frustrations and daily routines. We're thankful for my new employer who understands our needs and especially that **Alan** comes first. Our dream is still to take **Jordin** fishing, hit a few balls with her on the golf course, and travel this great USA and live life outside the current bubble. Who would think that small wants could seem so out of reach some days. Faith is strong and we believe slow and easy will win the race so we stay on course. And, to all of you, enjoy each day as though it is your last because in the blink of an eye your lives can change in ways that have long term affects you cannot even imagine. Catch a few fish for us and hit a few balls too! God Bless!

Lane Thurman: On April 20th, the Springfield Retirees got together for fellowship and recent gossip and we had a lot of that today with about 20 people in attendance for the noon meeting. We also had a guest speaker, **Lt. Col. Mike Malone** who is also an engineer in the area office here in Springfield. He gave a talk on his most recent experiences in Afghanistan and impressions of the people over there, how they react to the Americans and the frustrations that they give our troops there. We appreciate **Mike** and really enjoy his talks to us. He has attended and spoken to us several times now. After **Mike's** talk, there was plenty of visiting between all us old folks there, getting caught up on the news is a big priority for us.... Those in attendance were as follows: **Mary & Wayne Weaver, Mary Lou & Jim Andrews, John Feistner, Mike Malone, Gary Sturdevant, Jerry Dodd, Bob & Joyce Smith, Warren & Mary George, Gereon Brownsberger, Albert & Bonnie Hayter, Claris Wildermuth, Lena Thompson, Mary Louise Igert, and Lane & Nancy Thurman....** Our next meeting will be in July 19th, the third Thursday of the month and will be at the Golden Corral on Kansas Expressway. Everyone is invited to attend and enjoy the fellowship.

Keith Davis: I've been keeping my nose pretty much to the grindstone. I have sawed and brought home about a third of the lumber for my shop. I figure seven more trips to the sawmill should finish me out. No special travel recently. That comes next month so I'll have something to write for the next newsletter.

Bill Pauls: I ran for Columbia City Council...AND LOST!!!! But I worked hard & did my best and I would have been a good city councilman...in my opinion :) But alas, there is only so much success for a conservative country boy as long as he lives in "Havana on the Hinkson"! The Lake is looking better & better. I learned a great deal & feel like I'm still moving forward in life. It was stressful, fun, invigorating, tiring, stimulating, educational, disappointing, & totally gratifying...Go figure. I want to thank a lot of my fellow retirees for helping me, supporting me, and being my friends. I appreciate & value each & every one of you. Matter of fact all of my family & friends were just great thru my whole political adventure.... Now back to my good ol' life which continues to be very blessed. Matter of fact, I have a volunteer gig this afternoon with the Columbia Hospitality Corps..... I'm back out on the training trails because my next marathon is back in Nashville April 28th (I was there many moons ago on my first time around the states). I'm also now a part of a group of Pro-Life Runners and we are very active in the cause of protecting the unborn. I had taken

my running door-to-door during the campaign, but I am very happy to be back on the open trails..... I am also now able to get down to our lake cabin more often again, & that is a HUGE plus. Great place to hang out...anyone needing a little fishing/relaxing spot come on down anytime...near Bridal Cave just outside Camdenton..... Ok, that's about it.... running for political office is now crossed off my bucket list and life goes on in a delightful sort of way.... Our big MAPSS Earth Day Education Day for area kids is coming up at the Prairie Fork Conservation Area. If anyone is interested in helping out, we have a lot of fun & there is always room for more helpers. We educate a lot of kids in conservation & soils & we have a GREAT time doing it. Contact me or **Clayton Lee** if interested. I think the timing of this newsletter will miss this year's event but please consider it for next year if you'd like to participate :) May God Bless You ALL.

Ted "ski bum" Utz spent a couple of weeks in the Colorado Mountains snow skiing this spring. He went on an "old guys only" trip to Steamboat and Winter Park, CO in March and then later he and wife **Linda** took 4 grandkids to Copper Mountain during the kid's spring break. Using an i-phone app Grandpa and the kids GPS tracked their skiing. Grandpa got beat by 16 year old grandson Jake for maximum speed, Jake went 49.2 mph and Grandpa only went 43.4 mph. (yes - miles per hour). The steepest slope they skied was 59 percent (anyone want to stake terraces on that field?). For the week they skied over 180 miles, they skied 39 miles one day....grandpa was tired after that week, but had tons of fun and laughs. **Ted** is ready to stop chasing snowballs and ready to start chasing little white golf balls with the Golf Pro of The Albany Country Club - **Gary Barker**. **Ted** and **Gary** are looking for golf challengers in Northwest MO. Give **Ted** a call at 816-262-3481.

Mike Blaine: Cantata and Easter Sunday is past and **Pam** and I took a week off to spend some time in Southern MO with some old Doniphan friends. We had a great week of visiting and doing nothing in particular. It was great to see **Terry Cooper** while there..... We are trying to put out a little garden this year. We have got it all tilled and were ready to plant when it rained for a couple of days before we left, so that will be the project when we get home..... I am working on clearing some brush on the farm. That is a never ending job. The Cedars grow about as fast as I can cut them. During the 17 years I was in WV the Cedars almost took over the farm. I enjoy working with the chain saw and the tractor to clear and pile the brush. I also am in the process of tearing down an old tin shed. That will keep me busy on days away from the church work...I wish everyone a peaceful and satisfying spring and summer.

Neil Pellmann (an Illinoisan, formerly from MO): **Jan** and I are both busy on the planning committee for the 2012 Illinois Federation of Chapters' NARFE (National Active and Retired Federal Employees) association convention, to be held in the Chicago area on May 16-18th.... Also, **Jan** is staying busy babysitting our granddaughter - **Annabelle**. **Jan** traveled with **Jill, Dan, and Annabelle** on a house hunting trip to southern CA. They are moving in early May. As a result, **Jan** will be traveling to CA often to see our granddaughter.... In addition to the convention planning activities I am staying

busy at the local SWCD office and also being on our church council.... Please say hello for us to all in MO!

Jess Epple (an Oklahoman, formerly from MO): This spring I have 'flunked' garden, fishing, & golf. But I believe I am passing weed spraying, fence building, working cattle, & cattle water tank instillation!! I have 2 livestock water ponds 'real close' to our residence and they are stocked with fish, but no time to bait a hook!.... Spring in 'Green Country, Oklahoma' arrived three weeks early and we skipped winter! This was good, in that it saved our scant hay supplies, and our livestock are in fair condition. Beef prices are good, but all of our input costs are 'sky high'. The negative side of not having a hard winter is insects. They are early and they are many! We have already treated cattle for ticks and flies..... **Holland Hope Hughes**, our Great grand-daughter in Columbia, MO, came to visit JP Ranch over Easter week-end. **Holland**, brought her Grand-parents, Aunts, and Uncles, all from K.C., MO. and her parents from Columbia, MO. **Holland**, now three months old, was the center of attention and all J P Ranch hands done their utmost to send her back to MO 'royally spoiled'. Maybe her parents will forgive us and bring her back soon!.... Don't 'grumble' too loud, next time you buy Angus beef in the food market. It's expensive to raise, but it has all those necessary amino acids that are required to make the very best proteins, especially for SCS/NRCS retirees. Go long, go strong, keep smiling, and please eat your beef -- in a responsible manner.

Dennis Shirk: It's been a very good winter for riding. We are well.

Steve Bruckerhoff – This is the first time I've participated in the newsletter since I retired July 2010 so I'll catch you up a little. Retirement has been great, no complaints. My wife **Shirley** teaches and has three more years. Our daughter **Ellyn** is a freshman at Missouri State in Springfield and doing very well. Our son **Benjamin** will graduate from high school next month and is going to Culver Stockton College in Canton, MO and play baseball and hopefully also study!! I've been busy trying to keep up with everyone's activities; softball, basketball, cross country, and baseball. We've also been doing some traveling on vacations, Yellowstone, CA, Jamaica, skiing and rafting in CO, and spring training in Jupiter a couple of times. I tried a couple of part time jobs, tax preparation with H&R Block but that wasn't much fun so I didn't do that again; and I also worked a little for Missouri Crop Improvement in Columbia. Maybe once both kids are out of the house I will find time for some part time work, or maybe not. I've been doing some hunting and a little fishing and canoeing but need to increase all those activities.

Jim Rickman (a Texan now but a native MO): **Jere** and I are planning on going to Russia next month. We will travel on a small river boat from Moscow to St. Petersburg on the Volga. Our eldest granddaughter is going to the University of Texas. She will be graduating from high school next month, when we will be out of the country. I bought a bulldozer and a grandson and I have been grubbing cedar trees on our farm. We are having a great time in TX, but miss all our old SCS/NRCS friends from MO.

Randy Freeland (an Oklahoman, formerly from MO): **Bonnie** and are still enjoying life in Stillwater, OK home of the 2011 Big 12 and 2012 Fiesta Bowl Champs in Football. We still enjoy lots of OSU sports and are now enjoying our children and grand children even more. Our son **Blake**, wife **Katie**, and one year old son **Beckett** moved to Tulsa from SC in Aug. so we see lots more of them these days. I continue lots of gardening activities and we spend considerable time with **Bonnie's** dad and his needs. We really enjoyed seeing a lot of the MO crew when we attended **Ron Miller's** retirement party the end of March. My most recent event was a Striped Bass fishing trip with my son on Lake Texoma. We caught lots of fish in a short amount of time. Our guide provided the rod and reels, baited our hooks, took the fish off, and filleted them for our trip home. I told **Bonnie**, "Now that's the way a man's supposed to be treated". She just smiled. I'm not sure she understood. Then again, maybe she did!?!

Jay Lingwall: Greetings from Pine Island, FL.... **Leigh** was able to place third in her age group at the half marathon in Tampa last month. I am still a middle of the pack runner. It was a hot, sunny, shade less run and we plan to stick with 5 & 10 K runs now. Three granddaughters and parents kept us busy for a week. Mom (**Leigh's** daughter) was training for a St. Louis marathon. We only worked out with the granddaughters and did not try to keep up with their mother. My kids and friends came the following week. **Leigh's** son and friend also visited. There's been lots of boating around Pine Island, Sanibel, and Captiva and fishing too. Vacation is over the first of May and it's back north for some work on the farm.

Laura Cowart: Well, the **Cowart** household has been very busy since the last up-date, especially the last 30 days. **Walter** & I joined the Springfield Chamber of Commerce on a 9-day excursion to China....what an experience. We traveled to 4 cities beginning in Beijing and ending in Shanghai. The 12-hour flight from Los Angeles was exhausting and that didn't even include our flight from Springfield..... In addition to the mid-March China trip, **Walter** & I were in the hospital waiting room awaiting our 3rd grandchild, the first for our son **Isaac** and wife, **Amanda**. **James Walter Cowart** was born at 3:44 am on April 14th weighing 7 lbs. 10 oz and 20-3/4 inches long. He's a very handsome little guy...doesn't every grandparent say that, though?

In addition, our daughter was married last week in Des Moines, IA, so a quick trip north for the wedding..... We had several family members in town to celebrate Easter, the birth of our grandson, so I do what I like best, entertain them all!..... We are now saying....aah and trying to get some things done around the house...like gardening and mowing which can be hard when you get rain on a day you've scheduled to work in the yard....but hey, that's what retirement is all about, we got tomorrow, and the day after and the day after!

We were saddened to hear of the death of **Lloyd Wakeman**. **Lloyd** was an engineer with the watershed planning staff and retired approximately 25 years ago.

Gordon Decker Report: The April breakfast attendees were: the **Smith's, Hunter's, Ross', Ron Batchelor, Dan McLean, Dennis Phillippi, Bob O'Driscoll, Ralph Bergantine, Bob Lohmiller,** and **Gordon Decker.**

Ron had just talked to **Barb Anderson.** She's doing well, and it's been over 20 years since her first cancer treatment. (**Barb** is a fantastic person, her internal strength is greater than Charles Atlas). He also talked to **Bobby Richardson** and **Gwen** is doing better with the probes and battery powered electrodes to ease the back pain. Most other conversations were about taxes and some of **Bob O's** client tax stories (**Bob's** a tax prep volunteer).

Kathy & I just back from a trip to Las Vegas, where we went to a couple Grand Nephew and Grand Niece events. We saw Phantom of the Opera one evening, then went to Lake Havasu City on Saturday to watch my Grand Nephew in two World Off Road Champion Series (WORCS) motorcycle races. He placed 8th on his 250, 3rd on his 125, which qualified him to race with the Pro II racers the next day, where he placed 4th. The races on Saturday were one hour each, and the Pro race on Sunday was 1.5 hours - make as many laps as you can, with one pit stop to refuel, so they are pretty well drained and ready for rest and quick energy after each race. Back to Vegas on Saturday nite to watch a Grand Niece compete in a State Gymnastic meet on Sunday. She placed Gold in all events: (floor, vault, bars, and beams), giving her 1st overall in her class, and qualified her to go to the regional's in California. So, I got to see my sister, two nieces, two grand nieces and one grand nephew. We didn't have time to gamble but got the royal treatment at the MGM, where one niece works.

This week end we are headed to Stevensville to spend Easter with the kids, grandkids, other grandparents, etc.

Scott Hoag Report: **Scott & Nancy** spent part of Dec., the month of Jan. and part of Feb. in Yuma and then on to Bainbridge Island, WA for a couple of months with kids and grand kids. Ended up walking dogs (a Bernese and a Rottweiler - they're a pair to draw to) and looking after the granddaughter - she's fun (does theater, plays basketball and soccer).

Their son-in-law lost both parents who were living in VA (lost his mother in Nov., his father in Apr.), so **Nancy & Scott** spent even more time on the island than they had originally planned, needed to cover for their son-in-law who needed to spend much of his time in the East. Now **Scott & Nancy** are back in Bozeman in their condo and will be there for the summer. Meanwhile, **Nancy** continues to write, so watch for one of her stories in CHICKEN SOUP FOR THE SOUL: FINDING MY FAITH (due to be out Oct. 2012). **Scott** continues to consult on a watershed rehab project in PA.

Gooby Ranch Report: I have discovered that you have to take modern day science with a grain of salt. We are

inundated with ground squirrels and no matter what I do they keep increasing in number. **Mary Ann** has two freezers full of them and one side of the pantry is all canned ground squirrels. You can get 5 in a quart jar if you work it right. We have taken a bunch to the farmers markets but even though we are able to sell all we take in, the numbers in the fields seems to be growing no matter how many I harvest. Our irrigated fields look worse than a bombing range.

When I was in college I took a class in genetics and they said ground squirrels mated and had litters of four to six. But they only have one litter a year. I took that as the gospel, especially since I was attending the Harvard of the West. **Mary Ann** keeps track of how many I harvest and I harvest way over 6 per female ground squirrel so where are the extra ones coming from? Every study I could find on the web says the same thing about the ground squirrel genetics.

Since I have some spare time while **Mary Ann** is doing the feeding and calving, I got to thinking about what they taught us in NRCS management level 4. Remember they said don't take everything as the gospel. There is a need to be able to incorporate indigenous stewardship methods with the science based stewardship methods to bring the conservation practices together to Care for Mother Earth.

After thinking about that for about a week while **Mary Ann** was doing all the work, I got to thinking that when we were kids we trapped ground squirrels and cut their tails off to take to town and we could receive a bounty of one cent apiece. I often wondered why they just wanted the tail and not the whole ground squirrel. The more I thought about it, it started to make sense. When we trapped the ground squirrels it wasn't long until they were all gone and you didn't see any for at least another year. Why did trapping them, get rid of them and now they just multiple faster than I can harvest them. Then it came to me what the difference was. The people that paid the bounty for the squirrels knew they multiplied, not from mating, but by their tail. When you shoot a squirrel they are sort of like amebas, if the tail is still connected they split in two and the next day you have two squirrels. By cutting its tail off, they can not reproduce. You can't imagine how many times NRCS management level 4 training has helped me.

President **Dave Langemeier** called the March meeting to order with 23 attending.

Russ Schultz and his wife spent some time in Feb. in PA. They stayed in Sewickley in the carriage house of an old stone mansion while visiting their daughter and her family. They visited a national aviary and the Phipps Conservatory during their stay.

Norm & Linda Helzer spent time in Hawaii and Denver and went to Valentine, NE for Valentine's Day.

Gary Muckel reported that the spring banquet will be held April 18th at the Cotner Center. The social hour will be at 6:00 with dinner and the program at 6:30.

The annual spring banquet was held at the Cotner Center on April 18, 2012 with 42 people attending.

Jim Carr, just back from the winter in AZ, was present - it's always good to see **Jim** again. **Sylvia Kempf** was able to be there as she continues rehab from her recent surgery. **Elaine & Tony Vrana** from Seward joined us for the evening. State Conservationist, **Craig Derickson**, and his wife attended the banquet.

John Chapo from the Lincoln Children's Zoo gave an excellent program. The Zoo is well-known throughout the United States and has several programs going that are unique in the zoo world.

Paul Smith closed out the evening with a memorial reading of the names of the retirees that have passed away since the last banquet. The names are as follows:

Robert Lowe, Range Conservationist from O'Neal, NE on July 12, 2011. **Chuck Hammond**, Soil Scientist from Norfolk, NE on July 11, 2011. **William Gubser**, RD&D Coordinator from Lincoln, NE on Aug. 8, 2011. **Dave Ivey**, Conservation Technician from Tekamah, NE on Sept. 12, 2011. **Bill McKinzie**, regional soils scientist, from Lincoln, NE on Sept. 19, 2011. **Dick Hogue**, National Soils Laboratory, from Lincoln, NE on Dec. 12, 2011. **Scott Argabright**, Agronomist, from Lincoln, NE on Dec. 26, 2011. **Cliff Kepler**, Soils Scientist, from Lincoln, NE on Jan. 17, 2012. **Clayton Tenhulzen**, Soil Conservationist, from Lincoln, NE on Jan. 28, 2012. **Robert Smith**, husband of **Barb Smith**, from Prairie Home, NE on Jan. 23, 2012. **Gene Youngman**, who worked in NE and retired in Hastings, OR on Feb. 12, 2012. **Peggy Hanlon**, computer specialist, from Lincoln, NE on Mar. 1, 2012. **Warren Lind**, research soils scientist, from Lincoln, NE on Mar. 17, 2012. May they rest in Peace. A moment of silence was observed.

Appropriately, the azaleas at Clackamas The Old Spaghetti Factory were in full bloom for the spring quarter retiree lunch. Although the skies were threatening, twenty-one attended the lunch. Attending were **Kay Denfield**, **Gary Formanek**, **Leonard Gilson**, **Bobbie Hart**, **Jack Inhoff**, **Dave Johnson**, **Greta Keller**, **Lowell & Marian Kenedy**, **Jeff Repp & Maureen O'Rourke**, **Leland Saele**, **Pat Straka**, **Dick & Kathy Sylvester**, **Marcel Tingey**, **Eldena Vanderzanden**, **Gail Voge**, **Ralph Wadleigh**, **Beth Zetter**, and yours truly, **Don Stettler**.

Several emailed their regrets including **Wendell & Jan Styner**. **Wendell** said that the day of the lunch they'd be toughing it out on Maui. **Jack Kanalz** plan was be out on the Willamette River in a hog line fishing for salmon, his current day job.

Len Dugan will be celebrating his 90th birthday in early June. He says his 90 years has provided him lots of fun, a mountain of great memories, and wonderful friends and co-workers. He is thankful for each new day and his continued good health. Best wishes, **Len**, for many more.

Joan & Dave Johnson, on a recent grand kids visit to CA, were reminded of a unique historic treasure worth a visit if you're in the San Francisco area: The USS HORNET CV-12 Museum. The beautifully restored "Gray Ghost" is berthed at the former Alameda Naval Air Station. It is the only major WWII ship on the West Coast besides the Midway in San Diego and the Missouri at Pearl Harbor. Hornet was involved in numerous combat missions and holds several records. She also played a key role in the Apollo 11 & 12 recoveries. See <http://www.uss-hornet.org/> for a video tour and info on visiting.

Eldena Vanderzanden told of her recent trip to AR. While there she visited **Ralph & Nancy Mashburn**, and **Al & Lisa Spencer**. **Eldena** said that **Ralph** doesn't look a day older than he did when he left Portland years ago.

Leonard Gilson reported that he and **Sharon** celebrated their 50th wedding anniversary on March 20th. However, the family celebration is being delayed until June when their daughter **Carole** will be home from West Africa. In the meantime **Leonard & Sharon** enjoyed a few days at Depoe Bay watching the whales swim by.

Don Stettler mentioned that he was recently appointed net manager for the high frequency Beaver State Net by the American Radio Relay League. The net facilitates routing of formal written message traffic from any point in the United States to any other.

The next retiree lunch is schedule for July 25th at The Old Spaghetti Factory at Tanasbourne.

Byron Thompson reported that he and **Mary** had a great meeting with an good friend, **Tom Sommers**. **Tom** and **Byron** were AC's in OH back in the 70's / 80's and worked together in DC for a period of time. **Tom** was returning from FL and called to see if **Byron** could meet somewhere for lunch. They met in Florence, SC and rehashed old times, had a great time with a friend.

Tommy Stone, retired Conservation Tech. from Lexington SC was working in McCormick on a control burn and was having dinner at Hickory Knob while **Byron & Mary** were have dinner, they had a good time rehashing some of their history together in SC.

Mary & Byron had a great day with their grand son, **Jacob**, and their son-in-law **Joey** at the Masters Golf tournament. **Byron** also said he and **Mary** will be going to Athens, OH for their grand daughter's wedding in June. I expect **Byron**

The ARCSE Representatives want and need your help.

Help them do their job by providing them with:

- News items for the Newsletter
- Notice of death of a retiree or spouse
- Names and addresses of new retirees
- Change of address of a retiree

**These Representatives do an important job for ARCSE!
Let them know of your appreciation.**

coached Bubba Watson on how to make that famous second shot off the pine-straw and in the trees to land 15' from the hole in the playoff. What a shot!!!

The South Carolina retirees met April 19th at the Grecian Gardens for lunch. We had a good turn out with the following 34 in attendance: **Dan Guy, Byron & Mary Thompson, Bill & Shirley Melvin, Niles & Carolyn Glasgow, Luke & Laurely Nance, Robert Wells, Mr. & Mrs. Henry Nicholson, Tommy Stone, George & Ethel Comer, Mark & Brenda Berkland, Bobby McGee, Don & Faye Davis, James & Sylvia Williams, Greg Odell, Jimmy Sanders, Roy & Mary Todd, Hugh Caldwell, and Jake Black.**

Report from **Mark Berkland**: The last part of Feb. and the first week in Mar., I conducted Conservation Planning training in Harrisburg, PA. There was a VERY diverse representation of folks in attendance that were genuinely interested in the conservation of our natural resources. Those in attendance included: NRCS employees, Conservation District employees, Pheasants Forever Representatives, Landscape Architects, Farmland Trust Representatives, and Technical Service Providers. We had a combination of lecture and open discussion in the classroom. We visited two different farms to see how to apply what we discussed in the classroom in the field. The group was amazed at how easy things seemed in the classroom and how complicated those same things can be when trying to apply them in the field. I had a great time teaching!! I guess I have not lost it because the course evaluations gave me 21 A's, 4 B's and 1 C.

In March, I attended the Spring Board of Directors meeting for the Soil and Water Conservation Society in Des Moines, IA. The Board is concentrating on what the Society can do to better meet the needs of changing membership. The Board is very sincere in looking at membership needs and how to better address them.

TEXAS (NORTH AREA)

Arnold King, ARCSE Representative
Email: arnolddking@hotmail.com

The following items are excerpts from the North Texas SCS/NRCS Alumni News courtesy of **Jim Rickman** and **Arnold King**.

Twenty one members were present for the Feb. 17, 2012 meeting: **Earl Blakley, Elaine Davis, Billy Don Davis, Bernie & Maxine Owen, Jim & Jere Rickman, Bonnie McKee, Harland Dietz, Dennis Erinakes, Don Newman, Rocky & Del Rockenbaugh, Ken Twitty, John Massey, Bernelle Baxley, Arnold & Willeene King, Don Kapalka, Joe Nichols, and Marie Garsjo.**

Vice President **Don Newman** presided over the business meeting. Club business included a treasurer's report from **Elaine Davis**.

We welcome our newest club member, **Marie Garsjo**, who joined at our meeting on Feb. 17th. **Marie** retired Jan. 3, 2012 as an Engineering Geologist at the Fort Worth Technical Center.

Future programs were discussed. **Marie** volunteered to try to obtain a person to give a program on cacti. **Dave Drennan** was to check with **Madeline** for her to explain the outcome of her research on retired people and the impact of interaction. **Dennis Erinakes** will give a program on computer security, **Bernie** just gave a program on taxes, and will do that once or twice a year, and a person that gave a presentation to NARFE that was well received is a probable program. The program from representatives of GEHA and BCBS was informative and that could be an option. **Don Newman** would appreciate input from club members as to what programs appeal to them.

A card was sent by **Del Rockenbaugh** to **Lu Logan McCullough**, whose husband, **Buck**, passed away.

Harland Dietz said his son **Brad** had a defibrillator installed for a heart condition. **Bonnie McKee** reported that **Phil Trew** is in the Courtyard in Fort Worth. **Del Rockenbaugh** was staying busy with doctors and grandkids. They are expecting number 17. **Maxine Owen** took her daughter-in-law and granddaughters out for Valentine Day.

Willeene King has learned her oldest grandson at Texas Tech made the Dean's List. **Jere Rickman** explained a new dental treatment where you swish a liquid in your mouth after which an examination with a special light detects the early stages of cancer. **Dennis Erinakes** reported that a study cited that coffee was good for you. His dogs are performing well; **Michael** bought a large boat to reach his island from Panama; and the groundwater district has relocated to the Liberty Hotel in Cleburne.

Ken Twitty reported that his wife, **Judy**, was still having issues with her back surgery and is going to rehab twice a week. **Julia** is working and **Ken** is caring for his great granddaughter. **Joe Nichols** is trying to clear up his work so he can travel more. **Elaine Davis** said her oldest grandson is in college in Nebraska with a soccer scholarship.

Bonnie McKee has a grandson playing high school football on a team that went to state. Her daughter gave her a surprise 80th birthday party which about 35 people attended. **Bernelle Baxley** reported that her granddaughter is getting married March 16th.

Earl Blakeley is doing well. He questioned why the Credit Union waited 7 weeks to notify us about our credit cards being compromised. **Don Kapalka** discussed this with the Credit Union and they explained that an auditor had two lap top computers with sensitive data stolen. It took some time to determine what information was on the computers and to notify the NRCS Credit Union of the problem. There was more information on the auditor's lap tops than ours. The Credit Union immediately notified us once they were notified and had our credit cards replaced. So far as anyone knows the sensitive information has not been accessed by the thief and it is password protected. Everyone with an email address should have received an explanation from **Pat Brown**, CEO, NRCS Federal Credit Union.

Don Kapalka had his gutters fall a second time. He had delayed replacing them, but when he did replace them he was

pleasantly surprised at the cost. The bill was just over \$800 for around 200 feet of guttering with large downspouts. He read "Fake Promises of the Green Revolution" written by scholars. He said the book was a well documented, but a difficult read.

John Massey said he just got new gutters for \$140. He has been attending his granddaughter's talent contests. He reported his health could be better as he suffered a heart attack and is losing his vision.

Bernie Owen has been busy with taxes and suggests that April 15 be made a holiday. He mentioned a couple of congressional bills that seemed rather frivolous, one to provide a grant to see if tobacco can be used as a fuel source and the other answer the burning question, "do flies fart?", the study to be done in Hawaii.

Marie Garsjo is excited about retirement. She underwent back surgery in 2010 and a loose screw causes pain that requires deadening of the area around it. She gave ten inches of her hair to "Locks of Love".

The club received a thank you from the **Bryan** family and from the Alzheimer's Foundation for a donation of \$35 in memory of **Marie Bryan**. The club received a thank you letter from the Mercy Medical Clinic for a donation of \$35 in memory of **Bob Thompson**.

Mike Woodson reported on **Frank Sprague**, "I just talked to **Frank**. He got home from hospital on Feb. 13. He is not riding bulls yet. He sounded good and plans to be playing golf in three months and riding bulls in six months."

In her latest journal entry **Marcia Delucchi** thanked everyone for their prayers for **Phil**, who is being treated for cancer in CA. The link to stay in touch with **Marcia & Phil** is: www.caringbridge.org/visit/phildelucchi.

The following was received by **Maxine Owen** from **Alta Vick**: My husband, **John Vick**, has been in Harris Hospital downtown with a problem -- he has no feeling from his waist down! He woke up that way one day about two weeks ago, and my daughter and I took him down to the Emergency Room at Harris downtown. He was in the hospital down there for a week, but he has been out at the Broadway Plaza Senior Care center on Bryant Irvin Road for about a week now. We do not know how long he will be there, but we are praying it will not be much longer. I may have to hire someone to come and tend to him at least once a day, but I think we can get along otherwise. He cannot get in or out of a wheelchair, but I could have the medical person put him into bed for the night and all would be good. **Anita Plummer** recently talked to Alta and reported **John** is taking or going to take therapy at Broadway Plaza.

Thelma Carlen called and withdrew her membership from the Alumni Club. She says she is 88 years old and can't drive to the meetings in Burleson and she doesn't really know anyone in the club any more. We will miss **Thelma** and wish her well.

Dan Holmes wrote, "We have moved to "Sunrise" at 6151 Bryant Irvin Road, Apt. 109, Fort Worth, TX 76132. Please

make this address change known for other people in the SCS/NRCS Alumni Club."

Twenty members were present for the March 16th, 2012 meeting: : **Earl Blakely, Elaine Davis, Phil Delucchi, Harland Dietz, Barbara Gillum, Tom Hodges, Don Kapalka, Mary Mattinson, Don Newman, Joe Nichols, Bernie Owen, Joyce Petty, Anita Plummer, Tom & Del Rockenbaugh, Betty Sisson, Barb and Dave Stockbridge, Diann Wilmart, and Mary Garsjo.**

Vice President **Don Newman** presided over the business meeting in the absence of President **Dave Drennan** who was off to Idaho for a military installation of a relative. Club business included a treasurer's report from **Elaine Davis**.

Del Rockenbaugh reported that she sent cards to **Lu Logan McCullough** and **Joyce Petty** for the deaths of their husbands. She reported that **Dorothy Green** had called and had her car stolen and when found the motor had been removed.

Bernie Owen reported in the absence of **Maxine** that she is grateful for our newest caller: **Anita Plummer**. Our other callers are **Faye Alexander, Bernelle Baxley, Anita & Harland Dietz, Berniece & Don Newman, and Del Rockenbaugh**. We activated the caller list to let our members know of passing of **James Petty**.

Bill & Emma Adams hope to be able to attend a meeting soon. **Bill** has been dealing with a chronic eye condition for some time that has not responded to treatment. The doctors believe that glands have been unable to properly drain. He will probably undergo surgery soon to attempt to relieve this problem.

Judy Twitty is up and around but said a screw used in her back surgery a few months ago has worked loose and can be felt under the skin in her back. She said **Ken** has scheduled eye surgery to correct problems from his previous cataract surgery.

Frank Richardson said to tell everyone hello for him. He has not been feeling well. He is in therapy for heart problems. **Elaine Davis** mentioned that her grandson was going to start at York College in NE. **Diann Wilmart's** youngest son has just been accepted at Steven F. Austin University. She also talked to **Don Stelling** who said hello.

Barb Stockbridge reported that she attended a nephew's wedding in San Diego and found gas at \$4.20 a month ago. **Dave** reported that he and **Barb** are planning to attend the TX Reunion April 25 & 26 in New Braunfels, TX and then spend a couple of day in Fredericksburg.

Phil Delucchi reported on his month long stay at a CA cancer treatment center. He has inoperable lung and liver cancer. They tested his blood to determine its receptivity to various cancer chemo drugs and found none that will have much impact. **Phil** is perusing a diet of alkaline foods and avoiding acidic foods and foods with sugar because cancer thrives on sugar and acidic foods. **Phil** also mentioned Caring Bridge website that he has used to communicate his health status. **Phil** reported that while in CA he got a report from a former Forest Service employee that the FS was building a trail in OR that **Phil** had planned and recommended in the 1960's.

Bernie Owen reported that **Maxine** was going to AZ the end of March to help drive their daughter-in-law and the girls where they need to go until **Kym's** RA drugs are in better balance. **Bernie** also has had a hot water slab leak in his house and had to have the water system rerouted. The carpet in the laundry room and an adjacent closet was moldy and had to be removed. Some wall damage due to the reroute will be repaired in the laundry room and living room which will require new paint. Insurance is paying most of the expenses to put in new flooring and painting. He is also working on 2011 taxes which are taking longer because of changes to our tax laws. More changes are anticipated next year.

Tom Hodges is going to cardiac rehab 3 times a week.

Harland Dietz talked about heart problems in his son-in-law **Don Morris** in Colorado Springs. He will undergo heart valve replacement on March 21. He had the same surgery some years ago and a second surgery is somewhat more risky. **Harland** talked to **Doug Lowe** who had pneumonia but is doing well. He also talked to **Dan Holmes** who said that **Betty** has been moved into a facility where she can get full care.

Del Rockenbaugh said their great-grandson was burned by boiling water in an accident recently. The boy is doing OK and should recover. The **Rockenbaughs** just got their 16th grandchild a grandson who was born on 3/12 in hospital room 312. **Rocky** stated that he now has so many grandchildren that he can't keep them straight.

Earl Blakley is suffering because of allergies this season.

Mary Garsjo reported that she is a member of the TX Cactus & Succulent Society and reported on their meetings. She also visited Lone Oak Winery in Burleson on her birthday and got a complementary glass of wine because of the occasion.

Joe Nichols reported that there is a new phone application that you can use on your phone that will tell you what soil is located at your location.

The following was received from **Charles Adams**: Please report that I was called into the ministry to preach the good news at 3 pm on March 3, 2012. My pastor will allow me to preach my first sermon on April 15, 2012 at 5 pm at the Union Vine Baptist Church, 15161 Hwy 5, Logansport, Louisiana 71049. The white clad board church is 28 miles south of Shreveport and 5 miles north of Logansport, Louisiana on Hwy 5.

Attending recent retiree luncheons at the Spokane Wolf Lodge Steakhouse were **Larry Edmonds, Harry Riehle, Jud Melton, Ken Kaul, Hans Krauss, Gary Johnson, Lennie Husa, Ralph Schmidt, Carl Vennes, Bob Olson, Phil Schauble, Chet Jahns,** and **Jerry Richard.** **Sylvia Russell** will be celebrating at her 100 year Birthday Party organized by her family for June 16th. **Bob Olson** celebrated his 90th birthday back in March. **Bob** was recently studying detailed instructions on setting up the latest, wireless, all the whistles and bells, printer, and other computer electronic

marvels when his 14 yr old family member said, "let me help" and within a few minutes had everything up and going. **Bob** was proud! **Jack & LaRee Rasmussen** have been wintering in Hawaii, and **Jerry & Phyllis Richard** spent some time in Mesa, AZ visiting with **Rob & Leeana Kudlacek.** **Ralph Schmidt** wasn't on the last volunteer trip to Belize but reports that **Chuck Houston** of Reno, NV was there to give engineering help to some building projects. **Harry Riehle, Jud Melton, Gary Johnson,** and **Chet Jahns** all attended the annual Agriculture Exposition and are up-to-date on the latest farming equipment and farming techniques. **Hans Krauss** led the discussion about eagles, owls, robins (tipsy from Mt Ash berries), and hawks in the area. And everyone joined in on discussions of Gonzaga basketball, mules, fishing, and potatoes.

The big attraction in Spokane at the Northwest Museum of Arts & Culture starting this winter and continuing on until September is "DIG IT! – The Secrets of Soil". This is the travelling exhibit about soil from the Smithsonian Institution's National Museum of Natural History. The exhibit was welcomed to Spokane on Feb. 4th by a panel of leaders from the WA State Conservation Commission, the Smithsonian Environmental Research Center, Washington State University, National Association of Conservation Districts, USDA Farm Service Agency, and by **Kevin Sullivan,** State Soil Scientist, Spokane. The Panel Discussion was "Can We Feed The World & Sustain The Planet". The 4,000 square foot display reveals the complex world of soil and how this hidden ecosystem supports nearly every form of life on earth.

Warren & Barb Lee met up with **Gordon & Betsy Klofstad** and **Gary & Jayne Nordstrom** in Las Vegas on April 16th to celebrate **Barb's** birthday. Now that's a fun reunion.

Shirley Klumpe is just back from a 12 day trip to Holland and Belgium/lots of flowers and touring. She did a River Boat Cruise. That's one more item off her bucket list. Good going, **Shirley.**

Wayne Maresch saw the doctor on April 14th and he scheduled his operation (left hip replacement) for April 25th. **Wayne** went to the cardiac specialist, on April 20th and was given the go ahead. The operation is scheduled for 11:30 that morning. He says it sure will be good to not have an aching leg. You're in our thoughts and prayers, **Wayne.**

Blanche Peterson has had 6 operations since last Nov. It all started with major spine surgery to get 3 vertebrae put back into place that had been pushing against her spinal column causing her to lose the ability to use her left leg. Then during rehab for that surgery she was found to need a new hip. That surgery took place in Feb. Then while almost through rehab for all that, she fell in March and broke her leg, requiring even more surgery and a plate in her leg. After going back to the rehab center, it was determined that she had picked up a staph infection (MRSA) in the hospital with that last surgery. Then it was back to the hospital for 3 more

surgeries in April to clean out the infection. She is now back in the rehab center and hoping that the infection is cleared up and no more surgery is needed. **John** has really learned how much he misses her. He has had to do his own cooking and laundry. Hopefully she will be home by June.

WISCONSIN

Jim Enlow, ARCSE Representative

The Wisconsin retirees met for lunch on April 12, 2012 at Fitzgerald's Restaurant in Middleton, WI. **Stan Dingle** was the host. Those in attendance included **Bill Conner, Jim Enlow, John Baker, Howard Gundlach, Tom Thrall, Carl Wacker,** and **Renae Anderson**, Madison; **Dan Lynch**, Port Washington; **Ted Manning**, Lodi; **Gene & Ann Nimmer**, Beaver Dam; **John & Jean Milligan**, Middleton; **Stan & Marlene Dingle** and **Ken & Joanne Lubich**, Verona; **Keith & Dottie Behling**, Richland Center; **Emeron Christensen**, Onalaska; **Jim Kaap**, Stoughton; and **Pat Leavenworth**, Mt. Horeb.

State Conservationist, **Pat Leavenworth**, and Public Affairs Specialist, **Renae Anderson**, brought the retirees up to date on NRCS activities and budget concerns and provided copies of recent Wisconsin conservation publications. Retirees told the group about vacation plans, news of retirees not able to attend the luncheon, and had discussions regarding retirement life.

The next luncheon is scheduled for June 14, 2012 at Christiano's Pizza and Eatery, Green Lake, WI. **Erv Lesczynski** and **Steve Prissel** will be the hosts.

NEW SENIOR CONSERVATIONISTS

We welcome four new Senior Conservationists since the last Newsletter. They have reached the minimum age of 83 years and have completed the Senior Conservationist Questionnaire. Congratulations!

Their names and home states are:

Charles S. Fisher, IA
Deane S. Glen, IA
Volney H. Smith, IA
Charles B. Tisdale, MS

The Senior Conservationists who left us since the last Newsletter were:

Linwood S Holmquist, ME
Robert L Shields, NC
Hugh T Majers, TX
Joseph P Murray, NC
Walter L Butler, IN
Everett Cecil Flesher, Jr, OH

Help us identify retirees who should be named Senior Conservationists. Provide their contact information to your ARCSE Representative or Regional Vice-President.

SENIOR CONSERVATIONIST CHRONICLE

Marc Safley, Chronicler

Senior Conservationist Bob Kohnke was born in Carroll, Carroll County, Iowa (about 95 miles northwest of Des Moines) and was raised on the family farm there. He graduated from Carroll High School in 1944 and was granted an agricultural deferment from military service for a few months to help his father and mother on the farm. He was later drafted into the U.S. Army. After basic training and artillery OCS he was sent to Japan for a year in the Army of Occupation on Honshu. He returned to civilian life in May 1947 and entered the Iowa State University (ISU) that Fall. **Bob** graduated in 1952 with a B.S. in Agricultural Engineering. That year he also married **Donna Mae Pahde**, another Carroll Countian, whom he had met anew when he enrolled at ISU.

After graduation in 1952, **Bob** was hired by the Soil Conservation Service as Area Engineer in Humboldt, IA. From Humboldt he was assigned to Council Bluffs, IA, where he was a drainage engineer on the Missouri River Flood Restoration. He was engineer on the Honey Creek Pilot Watershed at Chariton. In 1955 he accepted the position of Hydrologist on the Watershed Staff at the Iowa State Office. In 1957 he took the position of assistant hydrologist at the Milwaukee Engineering and Watershed Protection Unit where he worked until 1964. From Milwaukee **Bob** then went to the E&WP Unit at Upper Darby, PA. Bob worked there until 1966 when he accepted the position of Wabash River Basin Staff Leader in Indiana. In 1970 he was promoted to National Headquarters in the River Basin Division. Later he served as Director of the River Basin Division until his retirement January 9, 1982.

Bob did not remain retired for very long. In 1984 he began work with the Northern Virginia Soil and Water Conservation District (Fairfax County, VA). There he worked on urban and suburban erosion and water management problems for 15 years. **Bob's** wife **Donna** passed away in late 1988.

Since 1999 **Bob** has been involved in many volunteer activities, travel, and enjoying time with his 3 children and their spouses and with his 2 grandchildren. **Bob** still holds a private pilot license, but has not flown recently. In the past he also enjoyed making home-crafted beer. (He brewed 85 batches and could probably write a book.) He also is active at his Lutheran Church. **Bob** is a regular at the Northern Virginia Retiree Breakfast (first Tuesday of every month) where he is appreciated for his depth of knowledge about conservation, conservationists, and just about any other topic.

NOTES

Carl Dupoldt sent in an interesting article titled, "Something About Droughts". If you would like to receive a copy, send an email to **Carl** at cdupoldt@netscape.net.

Eldon Weber also sent in information about a program he developed called "Virtual Pizz-A-Thon". To view see virtual lesson plans at www.zunal.com/webquest.php?w=144383 and companion blog at www.pizzathon.wordpress.com.

IN MEMORIAM (CONTINUED)

Senior Conservationist Joseph P. Murray (90) passed away on April 8, 2012. **Phillip** spent his entire life in the Spring Hope community of Nash County except for the time he served his country during World War II. He served as Soil Conservation Technician in Nash County, NC for over 30 years. He was also an active farmer. His farming enterprises included tobacco, wheat, soybeans, chickens, and swine. He was a very active member of Ephesus Baptist Church in Spring Hope. During WWII, **Phillip** served as B-24 co-pilot in the South Pacific. He flew two combat missions out of Guadalcanal. From there he was stationed on Morotai, a small island off the coast of New Guinea where allied bombers could make the flight to hit Japanese targets in the Philippines. From Morotai, he flew 40 bombing missions as a B-24 co-pilot. Maybe the most memorable flight for 1st Lt. Murray was the first mission to bomb a Japanese fuel depot in Balikpapan, Borneo (now part of Indonesia) where the Japanese were reported to get 90% of their gasoline. In this mission there were 24 bombers. This flight required 16 hours from their base to the target. On this day, he was the second plane in the formation when they saw the lead plane shot down and its crew bail out. His plane moved up to the lead position in the formation, and the photographer on their aircraft recorded the raid. One of the most viewed photographs of WWII was taken out of his plane on this mission. If you have the opportunity to visit the Air Force museum in Dayton, OH you will see the photo. A copy of the same photograph is also on display in the Smithsonian Institute. **Phillip** was awarded the Distinguished Flying Cross. **Phillip** was preceded in death by his first wife **Louise Leonard Murray**. He is survived by his wife, **Anne Hicks Murray**; three sons, **John Kenny (Sherry) Murray**; **Phillip Leonard (Charlette) Murray**; **Brian Keith (Terrie) Murray**; two daughters, **Ann (Carl) Banks**; **Martha Lynn Murray**, eight grandchildren, and thirteen great-grandchildren.

Charles L. Hammond (86) of Norfolk, NE passed away on July 11, 2011. **Charles** served in the Army from 1944 to 1946. In 1952, he graduated from University of Nebraska of Lincoln. In 1955, he started working for the SCS in NE as a soil scientist, retiring in 1986. **Charles** is survived by his wife of 53 years, **Kathryn**; two daughters, five grandchildren, 16 great-grandchildren, and three great-great-grandchildren.

William Bruce Gubser (80) of Lincoln, NE passed away on Aug. 17, 2011. He attended Doane College and graduated from the University of Nebraska with a degree in technical science. He worked for the USDA SCS for 31 years, retiring in 1986. He served in the U.S. Naval Reserve from 1952-54 and served as a regional councilman from 1972-76 for Soil Conservation Society of America.
